

# Comprehensive School Improvement Plan

## North Clayton Middle School 2016 –2017

### Vision Statement

The vision of Clayton County Public Schools is to be a district of excellence preparing ALL students to live and compete successfully in a global society.

### Mission Statement

The mission of Clayton County Public Schools is to be accountable to all stakeholders for providing a globally competitive education that empowers students to achieve academic and personal goals and to become college and career ready, productive, responsible citizens.

## District-Wide Expectations for Comprehensive School Improvement Plans

- Utilize the schools' pertinent data such as CCRPI data to make instructional decisions and prioritize strategic actions and monitoring protocols.
- Performance goals should be written as specific, measurable, attainable, realistic, and timely (S.M.A.R.T.) goals using goal setting formulas.
- Include action steps that deepen the school's implementation of the Clayton County Public Schools' instructional priorities: **Literacy Across the Curriculum, Numeracy Across the Curriculum, Integrating Technology**, and **Critical Thinking** in the comprehensive plan. The action steps should include training (professional development) that addresses S.T.A.R.T.S., Explicit Instruction, and the development of the teachers' content knowledge.
- A formative assessment system with data analysis should be included in the action steps for all applicable goals.
- Plan action steps for necessary interventions based on academic and behavioral data (i.e. subgroup data, placed or retained students, reading interventions, and the Behavior Big 7 Report).
- Consult the Technology Department before purchasing hardware or software to support an action step.
- Formatting: Times New Roman, 10 font, updated revision date
- In various school meetings such as administrative, leadership, data, grade level and collaborative planning sessions, schools should regularly review Comprehensive School Improvement Plans (CSIP) and make revisions as needed. District level reviews will occur periodically – **August/September 2016, January 2017, and May 2017.**

**Goal 1: To increase academic achievement for all students in Clayton County Public Schools as evidenced by state, national, and international assessment results.**

**Science Performance Goals:** During the 2016 -2017 school year in the area of science a 5% increase will be obtained resulting in 43.6 % of all students scoring at Developing Learner or above on the Georgia Milestones Science EOG Assessment by May 2017.

**CCRPI Alignment:**

**MS Indicator 3:** Weighted percent of students scoring at Developing Learner or above on the Georgia Milestones science EOG or EOC (required participation rate  $\geq$  95%)

**HS Indicator 5:** Weighted percent of students scoring at Developing Learner or above on the Georgia Milestones Physical Science EOC (required participation rate  $\geq$  95%)

**Exceeding the Bar:**

Percent of students earning at least one high school credit by the end of grade 8 (ELA, mathematics, science, social studies, world languages, fine arts, CTAE) and scoring at Proficient Learner or above on the required Georgia Milestones EOCs
